**Prerequisite:** Math 131

**Requirements and grading:**

- Two-hour comprehensive **final exam** during final exam period: **30%**
- Two **mid-semester exams**, **7:00–9:00 p.m. Thursdays 28 Feb. and 4 April**: **50%**
- *WebAssign* **homework**: **12%**
- **Quizzes** in discussion meetings most weeks: **8%**
- Regular class attendance and doing all assigned reading.

The course letter-grade scale is:

A	A–	B+	B	B–	C+	C	C–	D+	D	F
86	82	78	75	72	68	62	59	55	50	< 50

**Required text:** As in Math 131, Stewart, *Calculus, Early Transcendentals Vol 1* (custom UMass edition)

**Required homework system:** *WebAssign*

If you didn't buy two-semesters *WebAssign* access when you took Math 131, buy access for Math 132 now.

**Logging in to *WebAssign*:** At <http://webassign.net> give your...

- Username: your UMass NetID, that is, the username you use for Spire; this is also usually the part of your UMass e-mail address before the @ sign.
- Institution: `umass`
- Password: your old *WebAssign* password if you used the system before; otherwise, your Student ID number (change it to something more secure!)

Do *not* roster yourself into *WebAssign* and do *not* enter any course “code”. Your lecture section instructor adds you to the roster there.

Beginning 12:00 a.m. Tuesday 5 February you must enter your *WebAssign* access code when you log in.

## Exams

- No “cheat sheet” is allowed for any of the exams.
- A calculator is allowed for Exam 2 and the Final Exam but *not* for Exam 1.
- In case of an exam conflict, you must provide a documented request for a make-up **two weeks before the exam**. Make-ups for mid-semester exams are scheduled 7:00–9:00 p.m. Wednesday preceding the exam. See the course web site for details about what constitutes a conflict and what documentation you must provide.

## Quizzes

A short quiz is normally given each week at the discussion meeting (except in the first and last weeks of classes and except in weeks of mid-semester exams).

**Only the best 80% of your quiz scores count** toward the 8% quiz portion of your grade. This is to allow for *all* reasons for missing quizzes, including illness, emergencies, officially excused absence from campus, and absence for religious observance.

## Homework

**Only the best 80% of your homework assignments count** toward the 12% homework portion of your grade. This is to allow for *all* reasons that homework is not completed on time, including illness, emergencies, officially excused absence from campus, and absence for religious observance.

## Help resources

The **Calculus Tutoring Center** in LGRT 110 is normally open Monday–Thursday, 10:00 a.m.–3:00 p.m., beginning Monday 28 January.

## Class etiquette

- Turn off your cell phone or other noisy devices before class starts.
- If you arrive late to class, sit in the first seat you can find so as not to disturb others, and do *not* come up to the front of the room to pick up or hand in papers.
- Do *not* use a laptop or similar type of computer during class.

## Religious observance

If you will be absent from an exam or other class activity because of religious observance, you must notify me *in writing, in advance* of the absence, and *at the beginning of the semester*—within one full week of your enrollment in the course.

## Drops, Withdrawals, and Incompletes

The last day to drop with no record is 4 February. If you intend to drop, please do so as soon as possible; others may be waiting to enroll in your section. The last day to drop with a W is Thursday 7 March.

An Incomplete is possible only if: (1) you had a compelling personal reason, e.g., serious illness; (2) your work has clearly been passing; and (3) there's a good chance you'll complete the course with a passing grade within the allotted time. Thus, *failing work is no reason in itself for an Incomplete*.

## Academic honesty

You must observe the UMass Academic Honesty policy. See:
